| **Total** | **118,600** | | **17,744** |

SYNTHETIC

Grain and oilseed sold for animal feed or food are zero-rated, while most farm inputs carry 20% VAT, so the farm is usually a repayment trader. Repayment expected within 30 days of submission.

SYNTHETIC — fictional company, generated for the Hedged demo. Not a real VAT return; the VAT number is fake.
